Mark Munday	Damien Derrick		

**Total 10**

### Intro

This was the first meeting of the first season and the first chance to formally welcome Mark Munday and Damian Derrick to the group.

### SUBJECT: DISCIPLINE/ WELSH PREMIER CLIPS

The evening was split into two parts the first hour covering discipline ie the correct way to fill out the Gwent County Misconduct Report Forms covering all points that the Discipline Secretary requires. Also covered was the white paper report.

We also discussed how a Referee should conduct himself at a “Personal Hearing” and the sequence of events.

### Welsh Premier Clips

The second hour of the meeting was where the group saw several clips, where they had to make decisions and make comments on the performance of the Referee and see any good practices, which they could bring into their own game.

### Self-Assessment-Weekly Basis

This season the group on a weekly basis must send a report to myself on the following:

Training carried out that week.

Games – during the week.

Self-Assessment on the Saturday game covering:

A brief account of the game itself.

3 Positives from the game

3 negatives (for them to work on)

Plus anything that happened where they need advice ie the unexpected.

Each report is then read and commented on by myself for future improvement
